NEW LOOK ♥ SAME HEART

Though our newsletter has a new look, the heart of HGS remains the same: *To rescue, defend, and care for needy children while displaying the love of God in everyday life.*

SEWING SUCCESS

It was so nice for us that Randy's mom was able to make a visit down, spending time where she and Dad had spent many years investing into so many lives!

What a surprise it was for us when we went for a walk one morning and ran into a former child who had grown up in the Home! He arrived at the Home when he was ten years old and is now in his early fifties.

After leaving the Home at age eighteen, he got a job at a shoe factory where he worked his way up to being a supervisor. He then got married and they had a son. His wife knew how to sew well, and they decided to begin their own business! He and his wife began to make clothing which they sold to locals and gradually the business grew. He now has about five employees and is excited that his son is interested in taking over the business one day!

They learned about the love of God at the Home and are serving the Lord! He was so excited to show Randy's mom where he lives and how he is doing in life. What a great story about how God allowed this little ten year old to grow up at the Home, and changed the life and future of this child. This couple continue to serve God and be an example in the community!

As cofounder of HGS (along with her husband Kurt, deceased) Gudrun was able to visit Brazil this past Fall.

"So happy, and so thankful," was her response after being asked how she feels hearing about HGS children living their adult lives for Christ. Gudrun continues to pray for the children who move on from the Home knowing their journey is far from over as they create a life for themselves.

Thank you for joining us in remembering the children of HGS, both past and present.

AN OUTSIDE VIEW

*"My life has

Sydney

This past August, a group of youth and young adults from Edmonton, Alberta had the opportunity to visit and serve at HGS. Here is what they had to say about the Home and the children they interacted with...

-The kids inspired me that no matter what happens, as long as you trust in Jesus there's no need to fear. - Molly

-Despite the terrible situations they have gone through, God has worked his way through their lives through the Home. - Anonymous

-(HGS) is an incredible program (home) available for children who are in desperate need of hope, which is so lovingly provided, along with safety, security and relationship with God. This has been a completely life

changing experience I will never forget, and will always refer back to it as a time when my perspective on life had changed. - Chloe

-The way the kids praise the Lord in their everyday life is so inspiring to me and I strive to be in love with the Lord in the same way they are! - Talissa
